

Dr Gothami
Madadeniya

Dr Gothami Madadeniya MBBS MD(Psych), FRANZCP is a Consultant Psychiatrist with an interest in General Adult Psychiatry, Depression, Anxiety, Post Traumatic Stress Disorder (PTSD), Mood Disorders, Psychosis, ADHD, Transcultural Psychiatry and Psychotic Illnesses.

Dr Madadeniya offers a multidisciplinary approach to treatment with a special interest in holistic, patient-centred care. With a focus on the psychotherapeutic and pharmacological aspects of mental health, she believes in working collaboratively with patients, and their families and carers.

Dr Madadeniya graduated and obtained her specialist qualifications (MBBS MD(Psych)) in Sri Lanka and in 2008 relocated to Melbourne.

She obtained her Fellowship of the Royal Australian and New Zealand College of Psychiatrists (RANZCP) in 2011 while working for Melbourne Health, the second largest public health service in Victoria.

In 2012 Dr Madadeniya relocated to Perth, and along with her private practice at Abbotsford Psychiatry she continues to work in acute settings within the public sector.

Dr Madadeniya speaks fluent Sinhalese and English. She offers consultations in both languages.
