

Dr Murray
Chapman

Dr Murray Chapman MBBS, FRANZCP is a Consultant Psychiatrist with an interest in General Adult Psychiatry. He specialises in the treatment of Depression, Anxiety, Addictive Disorders, Mood Disorders, PTSD, ADHD, Attachment Disorders and offers Medico Legal Assessments, Workers Compensation and Telehealth consultations.

Dr Chapman works collaboratively with his patients in order to achieve best patient outcomes and has particular interest in Repetitive Transcranial Magnetic Stimulation (rTMS) a non-invasive and proven alternative treatment for depression, as well as a developing interest in Nutritional Psychiatry.

He trained in London at Royal Free Imperial College and South Thames, specialising in Adult, Addiction and Forensic Psychiatry. He obtained his MBBS obtained in the UK and worked in London in General Adult Psychiatry.

In 2000, Dr Chapman moved to Sydney and relocated to the Kimberley in 2001.

In 2010, he obtained his Fellowship with the Royal Australian and New Zealand College of Psychiatrists (RANZCP), after spending many years working with the Indigenous population and obtaining advanced experience in the treatment of mental health conditions. Dr Chapman has recently relocated to Perth and in 2016 and commenced private practice at Abbotsford Clinic.

To arrange an appointment of referral, please contact Dr Chapman's Abbotsford Psychiatry consulting suite by calling 9381 5755 or faxing 9381 5442.
