

Dr Haroon
Riaz

Dr Haroon Riaz MBBS, FRANZCP is a Consultant Psychiatrist who specialises in General Adult Psychiatry, Transcultural Psychiatry, Addictive Disorders, Mood Disorders, Anxiety Disorders, Psychosis and ADHD. A Comorbidity and Dual Diagnosis specialist, he also offers Telehealth, Skype and DVA consultations.

Dr Riaz is entirely patient focussed in the provision of patient care. His dedicated philosophy that patients comes first ensures Dr Riaz is best placed to provide the best and latest interventions, coupled with working in a multidisciplinary team environment to obtain the most favourable results for his patients. He adopts an eclectic and psychodynamic therapy approach to treatment.

Dr Riaz gained his Fellowship with the Royal Australian and New Zealand College of Psychiatrists (RANZCP) in Australia. He commenced his training in Townsville (Queensland) and and completed this in Western Australia.

Since 1997, Dr Riaz has worked in Psychiatry in Australia. In Townsville he worked rurally and in the public system, and in Western Australia he worked for many years at Graylands Hospital, also across community public mental health clinics and the private sector.

Dr Riaz now works in full time private practice, with admitting rights to Health Care Australia's two private mental health facilities - Abbotsford Private Hospital and the Marian Centre.

Dr Riaz is fluent in multiple languages including Punjabi, Urdu, Hindi and English and offers consultations in these languages.

To arrange an appointment of referral, please contact Dr Riaz's Abbotsford Psychiatry consulting suite by calling 9381 5755 or faxing 9381 5442.
